15th ANNIVERSARY

NATIONAL CIVIL SERVICE LEAGUE ANNUAL AWARDS

The National Civil Service League was founded in 1954. It passed a major portion of the 1954 law which established the Federal Civil Service System and began the nomination of the "special agents" from a permanent service. Four Presidents of the United States have received Presidential Honors. Since 1954, the League has been active in the League's Board of Directors. The League is the only organization of public employees which has been recognized by the Federal Government. The annual awards to the outstanding civil servants who have made their contribution to the Federal Government in the field of service are as follows:

NATIONAL CIVIL SERVICE LEAGUE ANNUAL AWARDS

The National Civil Service League was founded in 1881. It played a major part in drafting the 1883 law which established the Federal Civil Service System and began the elimination of the "spoils system" from government service. Four Presidents of the United States—Cleveland, Theodore Roosevelt, Wilson and Taft—have served on the League's Board of Directors. The League is the only organization of private citizens entirely devoted to improving the Federal Career Civil Service. Its annual awards to ten outstanding Civil Servants who have made major contributions to the Federal Government in their fields of endeavor are highly prized.

COLONEL LAWRENCE K. WHITE
EXEC. DIRECTOR-COMPTROLLER
CENTRAL INTELLIGENCE AGENCY

Colonel Lawrence K. White, USA (Ret.), enjoyed a long and successful career in the Army before entering the field of intelligence in 1947. The honors and decorations given to him for meritorious service and bravery during World War II and the high esteem in which he is held in the Central Intelligence Agency and the United States intelligence community are evidence that "Red" White has a position of preeminence among men and women who have made unique contributions to the maintenance and strengthening of our national security.

Colonel White began his career in intelligence with the Central Intelligence Group, a predecessor organization of CIA. During the period 1947-1954 he filled a series of increasingly responsible positions. In 1954 he was appointed by Allen W. Dulles, then Director of Central Intelligence, as Deputy Director for Administration. In this capacity he directed the financial, personnel, training, communications, logistics, legal, and medical activities of the Agency. In June 1965 Admiral Raborn, the Director of Central Intelligence at that time, appointed Colonel White as Executive Director-Comptroller, the Agency's top executive management position. He continues to hold this important position—third in the Agency's executive command.
